HISTORY

Established in 2010, PLC's main campus in Canada began by focusing on skill development, which to this day is offered to international students. After opening its first career-centred campus in Guildford, Surrey, British Columbia in 2017, PLC quickly opened its second campus in neighbouring Burnaby in 2018. The year 2019 saw the expansion of PLC's offices from South Asia and Korea to all across Africa and Asia, as well as Latin America.

From 2022 onwards, PLC experienced a year of further expansion, marked by the arrival of students from many new countries for the first time, including Thailand and South America. It also saw the opening of further PLC offices in Africa, particularly Nigeria.

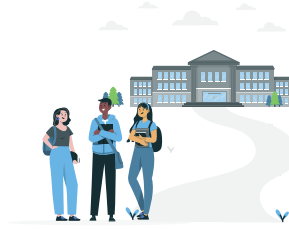

The PLC RAK Campus in the emirate of Ras Al Khaimah - United Arab Emirates proudly embodies PLC's lasting legacy, symbolising excellence and commitment to education.

THE CITY OF RAS AL KHAIMAH

Ras Al Khaimah means "Top of the Tent". It is the northernmost Emirate and one of the seven that make up the UAE – The others being Abu Dhabi, Dubai, Sharjah, Ajman, Umm al Quwain & Fujairah.

Ras Al Khaimah located around 45 minutes from Dubai has all the affordable living and study comforts for students, making it an attractive option. RAK offers a thriving community feel, stunning beaches, breathtaking mountain ranges, and outdoor adventures, all at a modest price for everyone to enjoy. RAK is blessed with an abundance of natural beauty. The majestic Hajar Mountains & the highest peak in the UAE Jebel Jais, form the perfect backdrop to this beautiful city. This, of course, continues to attract aspiring growth and innovation globally. Currently, the population of RAK is a blend of multicultural expat communities making it an ideal place to take in the local traditions & at the same time you will find something that will remind you of being at home.

The emirate is renowned for its hospitality and over recent years has become a popular staycation destination for people living in the other Emirates too.
